# About Course

Welcome to the comprehensive course on "Social Stock Exchange: Scope to Compliance" designed for participants interested in understanding and navigating the dynamic landscape of Social Stock Exchanges (SSE) within the Indian context. In an era where businesses are increasingly recognized for their impact on society and the environment, SSE emerges as a pioneering platform that marries financial goals with social and environmental objectives. This six-hour module is meticulously crafted to unravel the intricacies of SSE, providing a detailed exploration of its foundations, regulatory framework, listing procedures, and the critical aspects of impact measurement.

Participants will delve into real-world case studies, engage with experts, and gain the knowledge and skills required to effectively navigate the compliance landscape of SSE. Whether you are an investor seeking to align your portfolio with impactful ventures or a social entrepreneur aspiring to list your organization, this course equips you with the insights and tools needed to thrive in the evolving world of social impact investing. Join us on this enlightening journey as we decode the nuances of SSE and explore the boundless possibilities it presents for driving positive change in the Indian socio-economic landscape
